Let's Start!

Writing Spot: Let's talk about your health.

Learning Outcome

Relate information about health and healthy habits in communicative situations.

Can Do Statements

- I can talk about food and health.
- I can write a short pamphlet.
- I can explore solutions.

Ask your partner:

- How often do you go to the doctor?
- Do you prefer to take medications or natural alternatives? Why?

Let's Explore!

Listen to Aunt Nelly talk to her doctor about her condition. What does he suggest?

Instructions: Read the text aloud.

- Doctor:** Ms. Wright, I think this pamphlet could answer some of your questions.
- Aunt Nelly:** Thank you. Do you have any suggestions to improve my mobility?
- Doctor:** Eating more fruit and vegetables can help you with your weight.
- Aunt Nelly:** I guess that means fewer stops to Giovanelli's.
- Doctor:** Also, try to exercise at least 3 times a week.
- Aunt Nelly:** Alright.
- Doctor:** Some say that acupuncture can also help.
- Aunt Nelly:** Do you mean those small needles? Yikes, that's not for me.
- Doctor:** If you are looking for a natural alternative, some studies say that fish oil and ginger can help.
- Aunt Nelly:** Speaking of fish, my niece Vanessa had some sushi last night. She now has an upset stomach.
- Doctor:** Hmm ... take this pamphlet too on food poisoning, just in case. My receptionist is booking you an appointment.
- Aunt Nelly:** Thank you doctor.

Let's Practice!

What goes where? Do you know where to place information in a pamphlet*?

*"Pamphlets" are often found in clinics. They give patients information on different health conditions and illnesses.

Instructions: Draw a line from the heading on the left to the correct information on the right.

- | | |
|------------------------|---|
| 1. What is salmonella? | a. Drink 8 to 10 glasses of clear fluids every day. Eat small meals throughout the day. |
| 2. Symptoms | b. An infection in the lining of the small intestine caused by bacteria. |
| 3. Exams and Tests | c. Your doctor will perform a physical exam and a blood test. |
| 4. Treatment | d. Upset stomach, Fever, Muscle pain, Nausea, Vomiting |

Let's Practice!

Can you talk about health issues with your doctor?

Instructions: Use the words from the word bank to correctly complete the sentences.

Word Bank

Eating / mobility / upset / can help / suggestions /
ginger / acupuncture / needle / fish

Aunt Nelly: Thank you. Do you have any _____ to improve my mobility?

Doctor: _____ more fruit and vegetables _____ with your weight.

Doctor: If you are looking for a natural alternative, some studies say that _____ oil and _____ can help.

Aunt Nelly: Speaking of fish, my niece Vanessa had some sushi last night. She now has an _____ stomach.

Extension Activity

It's time for you to write a health pamphlet.

Instructions: Complete the following steps. Fill in the Self-Assessment.

- Research a health issue in your community.
- Write a pamphlet with the headings: *Title, Definition, Symptoms, Exams and Tests and Treatment.*
- Share your pamphlet with a partner or family member.

Self-Assessment

Yes **No**

I identify health conditions.

☐ ☐

I write a health pamphlet.

☐ ☐

I share my pamphlet with a partner or family member.

☐ ☐

Target Words

- **mobility** (noun): ability to move quickly and easily
e.g. I need to improve my mobility.
- **acupuncture** (noun): a way of relieving pain or curing illness by placing needles into a person's skin
e.g. I had acupuncture on Saturday and I feel much better.
- **fish oil** (noun): a liquid substance that comes from fish
e.g. Some say that fish oil can help your joints.
- **needle** (noun): a very thin, pointy steel tube that is pushed through the skin
e.g. Acupuncture uses lots of little needles.
- **upset** (adjective): sore, unhappy
e.g. Vanessa has an upset stomach.
- **food poisoning** (noun): an illness from eating unsafe food
e.g. Vanessa might have food poisoning.

Learning Points

Talking About Health

Making an Appointment

When you are feeling sick, you may need to see a doctor. To see a doctor, you need to make an appointment. You have to call the clinic and make an appointment with the receptionist. When you make an appointment, you need to arrange the date and time.

Symptoms

When you see a doctor, he or she might ask, "What are your symptoms?" Symptoms are feelings of illness or discomfort.

Diagnosis

A diagnosis is when a doctor tells you the medical name of your problem.

Explaining a problem

You can use certain sentences to describe your health problems. You can use the Present Continuous tense or the Simple Present tense to explain yourself.

Examples:

- *I am not feeling well.*
- *I have a cough.*
- *I have a bad back.*
- *I have a sore throat.*
- *I have a fever.*

Modals for Advice

A doctor may give you advice about what to do about your health problems. They can use **modals** like *could*, *should* or *can* to give advice.

Examples:

- *You can try some fish oil.*
- *You should eat more fruit and vegetables.*
- *You could read this pamphlet.*
