Let's Start!

What's wrong? I have a brutal stomach ache!

Learning Outcome

Identify health problems and ways of staying healthy, and use them in a limited range of social situations.

Ask your partner:

- What do you do when you get a stomach ache?
- Is there a food that you can't eat? What is it?

Can Do Statements

- I can talk about common health problems.
- I can explore causes.
- I can ask and talk about what people do and what people are doing.

Let's Explore!

Vanessa returns home from her trip to Japantown. What's wrong?

Instructions: Read the text aloud.

- Vanessa:** I'm home!
- Aunt Nelly:** Welcome back! You look exhausted!
- Vanessa:** I am! I walked a lot, and I have a ton of shopping bags.
- Aunt Nelly:** Well, I'm just making dinner now.
- Vanessa:** Thanks, but I'm not hungry. I have a brutal stomach ache.
- Aunt Nelly:** Oh, dear!
- Vanessa:** Yeah, thanks to that sushi I ate!
- Aunt Nelly:** Are you sure it's the sushi?
- Vanessa:** Well, I had cream at the bakery. Could that be it?
- Aunt Nelly:** It could be because you don't eat dairy often, right?
- Vanessa:** I ate chocolate the other day, and I was OK.
- Aunt Nelly:** It's possible it's the sushi. Raw fish is notorious for making people sick.
